What if you could……?
- Reach all your employees quickly, and cost-effectively, via text, email and /or phone
- Do this while not tying up your own systems
- Have unlimited use, not pay per use, or limited to emergency-only situations
- Be able to simply and efficiently import your contact lists

We Have A Flexible Communication Platform for All Urgent and Non-Urgent Notices
- Quickly reach all of the people associated with your company
  - Text Messages (SMS) are sent at a rate of 10,000 per hour (approx 165/min!)
  - Emails are sent instantly, regardless of the volume
  - Notification Calls are processed at normal rates of 5,000 per hour (approx 80/min!)
    - Urgent Notification Calls can be processed at an even HIGHER rate!
- Predetermined distribution groups can be established
  - Group by location or job function or plant / facility – no limit!
- Contacts can opt to receive messages using multiple means
- Send Mass letters / notices to one or all groups
- Easy management of contact lists, including bulk imports
- Easy sign-up with web portal widget

There **IS** a better way!

Our System Is……
- Simple, reliable, effective and cost effective with no installation or heavy investment.
- Perfectly Adapted for the Management of Emergency Measures – AND Timely Notifications
- Easy access to a reliable telephone and IT infrastructure for fast circulation of alerts and messaging
- Uses external systems to prevent interference with your organization's infrastructure.
- Simple to use and integrate. There is nothing to install on your servers.

Program Built Especially for Timely Communications
- Rates are fixed no matter the usage, No long term commitment
- Flexible monthly, quarterly or annual billing plans
- Rates start at $1,500 per year (added individuals : $1.00 per person per year, above 1500)
- Includes unlimited usage!
- Initial account set up cost is $350
